## WHAT'S GOING ON AT HOME.

Masonic Lodge next Tuesday night.

Get your Binder Twine at GAINES.

Who said Lancaster was not coming to the front?

Not even a plain, every-day drunk showed up Tuesday.

J. Joseph has an up-to-date line of slippers. Ladies, call and see them.

New line belt buckles and fancy goods this week.

THOMSON the Jeweler.

Foundations are completed on the Owsley block and the joists are being laid.

Farmers are busy threshing. The crop will not be as short as was first feared.

The prettiest lines of Parasols ever shown in Lancaster is to be found at Joseph's.

Sacks—Sacks.

H. A. B. Marksby & Son keep on hand new sacks, and will sell to the farmers at cost.

Building Lots.

If you want to buy a nice Building Lot I can sell you one from 1 to 4 acres.

T. CURREY.

Some five hundred pistol shots were fired on the streets Tuesday night. How long, oh Lord, how long, will a suffering community have to stand this?

The reports we have of the condition of the hemp crop is very discouraging. It is damaged badly by the drought—great deal of it blooming 24 to three feet high.

I have 900 Tennessee sheep for sale at Danville, Ky. 500 ewes and 400 wethers. Also 25 steers. Call on or address S. T. Rook, Danville, Ky., at Faulconer's hotel.

July 6-2t.

Storeroom For Rent.

Will rent room I now occupy and give possession at once. Stock of goods now low and will be sold as a whole at a great bargain.

J. W. SWEEZY.

Card of Thanks.

In retiring from the livery business, I take this method of thanking my friends for their kind patronage. I appreciated your favors very highly indeed.

RICE BENGE.

New Workhouse Keeper.

Rice Benge desiring to give up the workhouse, the place was given to Joe Petty Monday night. Mr. Petty entered at once upon his duties. His mother and family will reside with him.

**Handsome Sidewalk.**

James J. Hamilton has had a concrete pavement made in front of his residence, together with walks to and around the house. This work makes one of the greatest improvements in town. Jim now lives in as much style as the Prince of Wales.

**Short Crop in Boyle.**

The Advocate says it is safe to say that the wheat yield in Boyle county will not, on an average, exceed fifty percent of the usual crop. About twenty-five bushels to the acre is the top notch, but some fields in the west end will not be cut at all.

**City Council.**

At the regular July meeting of the Council, held Monday night, nothing of much importance was done, save to take steps in regard to enforcing the sidewalk ordinance. The matter was talked over and it was decided to immediately take action in all cases where property owners had failed and refused to comply with the order.

**A Paint Lick Enterprise.**

Adams' Pistula Salve, put up by Adams & Fish, Paint Lick, is meeting with ready sale every where. Persons who have used it say it's a marked success and a sure cure for Fistula, Polevil, Swinney, Scratches, Enlargement, Greasy Heel, etc. It is sold on a written guarantee, and money refunded if not as represented.

**Sell an Officer.**

The pistol-shooter and midnight brawlers must not get the idea into their craniums that because Joe Petty is no longer night policeman he can make no arrests. He is sworn in as workhouse keeper and not only has the authority, but it is his duty to arrest any violator of the law. Run 'em in Joe. A dude behind the bars would be an interesting sight.

**New Grocery.**

Messrs. Joseph Faulconer, Jr., of Danville, and Ed C. Gaines, of this city, have formed a partnership and will open a big line of groceries in the Thompson block on Richmond street. We do not know of two more honorable, upright, christian gentlemen than are they, and if hustle and push count for anything they will certainly succeed. Mr. Faulconer is a brother of Rev Henry Faulconer, of this city.

Beautiful display of mid-summer Dry Goods at Joseph's.

**Money to Loan.**

On good real estate. For particulars apply at THE RECORD office, t.f.

**Wanted.**

100,000 bushels of wheat. Highest cash market price. C. C. Glass & Bro. Camp Nelson, Ky.

June 25-4t

The 4th of July was as tame in Lancaster as a home-talent show. The banks were closed all day and the post office locked, barred and bolted most all day. Holidays are getting to be a nuisance.

**Strayed.**

Large, brown horse, 12 years old. Little crease fallen, two white spots from saddle. Left Ottendorf, May 22, and has been seen near Lancaster. Liberal reward for return to G. S. Gaines, Lancaster.

**Fire Near Town.**

The large barn of Ship Estes, on Danville pike, was burned Sunday morning. A horse belonging to Miss Mattie Estes was in the building. Mr. Estes lost a lot of hay, corn, harness and a few implements. Origin of fire unknown. The horse was roasted in the fire, it being too hot to get him out.

**New Drug Store.**

Mr. Fred P. Frisbie has closed a contract with the Hotel Co., for the new room in the hotel building on corner of Public Square and Richmond St. He tells THE RECORD he will put in a complete and up-to-date stock of drugs, druggists sundries, paints, oils, and in fact, everything to be found in a first-class drug house. He will fit the store with the latest fixtures and the room will be a beauty. Mr. Frisbie has completed his studies at a Philadelphia school of pharmacy and is thoroughly competent for the business. Fred is a clever young fellow and is sure of success.

**Hamilton-Powell.**

Mr. H. Clay Hamilton and Miss Laura Powell were married Thursday evening by Elder Jesse Walden, at the latter's residence, on Lexington street. The couple have been sweethearts for a long time and the marriage was expected by many. Desiring to steal the march on their friends, they drove to the residence of Rev. Kuykendall, at Marksby. The latter was not at home, and they drove back to Elder Walden's, arriving about nine o'clock. The bride is a daughter of Mr. C. D. Powell, one of Lancaster's leading merchants, and is a young lady of fine intellect and accomplishments. Mr. Hamilton is manager for the Western Union Telegraph Co. He is popular and industrious.

THE RECORD joins their long list of friends in wishing them many years of happiness.

**Many Letters.**

The committee appointed by the City Council to advertise for bids on waterworks has received a bushel basketful of letters from parties all over the United States. The suggestion to advertise was a good one, as it will cost comparatively nothing, and will enable our people to ascertain just what a system will cost. It's folly to talk of putting in a plant unless we know exactly what it will cost. All propositions and estimates will be looked into on July 11th, and the committee will make a report to the Council. Then the matter can be taken up for consideration. Everybody is for waterworks "if the railroad is built." Now, neighbors, the railroad is going to be built, so don't worry on that point. In figuring up our business for the fiscal year, we have 16¢ cents profits. This money will be wagered with anyone against his old straw hat that within eighteen months Lancaster will have waterworks and the Southern railway. Put this in your cob pipe and puff it.

**Farmers Read.**

We are needing all of our Sacks, and many of our friends have neglected to return the Sacks we have accommodated them with. We lost by fire about 6,000 Sacks, consequently we need every sack that is due us. We bought 6,000 Second-hand cotton Sacks, branded "Schwartz & Bros. St. Louis, Mo." these Sacks are in the hands of our farmer friends, and they are using them for milling purposes. A visit to Lancaster Flouring Mills will convince any one of the fact.

We also have several thousand sacks branded "Ballard & Ballard Co." or "Ballard Mills," and we have also thousands of other sacks, and we notice these sacks are being used for milling and other purposes. Now we ask you in all kindness to see that every sack due us and in your possession is returned at once and you will confer a favor on us that we will appreciate very much.

We are also in the market for wheat and will pay the highest market price cash on delivery. Your Friends, H. A. B. MARKSBURY & SON.

Keep cool by using one of Joseph's pretty fans.

It's a little late in the season, but our lines of Ribbons, Hosery, Gloves, Handkerchiefs, etc., are well filled.

J. JOSEPH.

**Notice To Creditors.**

Any persons having claims against the estate of T. H. West will present them to me, properly proven, on or before August 1, 1899. W. T. West.

**Scarcity of Water.**

The scarcity of water is growing serious. Many cisterns have given out, wells are low and stock water very scarce. If a fire should break out in town it would, as it always does, have to burn its course.

**Notice to Farmers.**

Should you not want to sell your wheat at present prices, and want to hold for a better market, we desire to inform you we have made arrangements to store 15,000 or 20,000 bushels wheat here in Lancaster on the usual terms, to include fire risk. So bring us your wheat. We have arrangements for storage account at Louisville. H. A. B. MARKSBURY & SON.

**New Livery Firm.**

Messrs. Burton & Barker have taken charge of the big livery stable, opposite the Mason House. They are both expert horse men, and know a good animal, and, greatest of all, know how to keep one in proper shape. They are stocking the stable with new outfitts and will have one of the best stables in Kentucky. You can't find two cleverer boys than Billy Burton and Charley Barker, and THE RECORD be speaks for them unbounded success.

**Getting in Line.**

Those of our citizens over whose land the new railroad will run are realizing the great good the road will do for the county and are talking very reasonably about it. As we have stated several times, we are satisfied no one will want to gonge their own home people, and all parties will take actual damage done them. True Kentuckians will stand up for one another when the rub comes, and we are satisfied all Garrard county people will pull together in this matter. This road will be the greatest blessing the county could get, and if it is allowed to slip, we might as well fold our hands and never make another move for progress.

**As Others See Us.**

In its "Lancaster Court Day Items," the Stanford Democrt says: "I wanted to get to the court-house, and the pavements were so obstructed by cattle that I found it a difficult task and had to catch a 2-year-old steer by the horns and pull him off the steps before I could get into that building. The shade trees along the edge of the pavements made the cattle feel like they were out in the blue-grass pastures and they lounged around the store doors with an air of perfect ease. The ladies needed balloons to make the trip around the square. The sidewalks were dangerous and it does seem to me that the cattle ought to be put in shady places, elsewhere under the awnings of the business houses. The smell of mean whisky right off 'The Shoot' and cattle sweltering in the sun was not as delicious as the new mown hay in the meadows along the roads leading into Lancaster."

**PUSHING THE WORK.**

**Surveyors are Running Lines to Dripping Springs and On.**

The railroad surveyors completed the second line into town this week. It runs over, or nearly so, the first line mentioned in THE RECORD, and comes close to Marksby, crosses the Lexington pike three times, strikes Col. W. S. Beazley, H. C. Sutton and on into town over Dr. Herring's land and strikes the L & N near the ST Leavel property. The engineers say this is by far the most practical line. The ladies needed balloons to make the trip around the square. The sidewalks were dangerous and it does seem to me that the cattle ought to be put in shady places, elsewhere under the awnings of the business houses. The smell of mean whisky right off 'The Shoot' and cattle sweltering in the sun was not as delicious as the new mown hay in the meadows along the roads leading into Lancaster."

**Teachers' Institute.**

The Garrard County Institute for white teachers will be held in the Court House, at Lancaster, on Monday, July 24, continuing five days, with Prof. J. H. Patterson, of Lancaster Graded School as conductor. On Tuesday evening (the 25th) an entertainment entitled "The Heart of Cuba," will be given, conducted by Prof. H. K. Taylor, principal of Louisville Training School. He will be assisted by Señor José Andonegul, a violinist of wide reputation.

**The Colored Teachers' Institute.**

will convene at the Court House, July 17, and continue five days, to be conducted by Prof. C. C. Monroe, of Owensesboro. On Tuesday evening, (the 18th), Prof. Sneed's band will give an entertainment.

All teachers failing to attend the Institute will forfeit their certificates.

Both Institutes will be held in the Court House.

7-20 ELISA J. LUSK, Sup't.

**A Popular Man.**

Notwithstanding the fact that Hon. John W. Yerkes has stated positively that he would not make the race for governor, there is an inclination among republicans all over the state to try and induce him at accept it. There is no cleaner and better equipped man in Kentucky than the clever Boyle county gentleman. A lot of republicans met at Lexington the other day to talk over the affairs of their party, and in a report the Herald says:

"It is claimed that there is only one man in the Republican party who might be given the nomination for Governor who is strong enough to defeat the Kenton statesman, and that man is the Hon. John Yerkes, of Danville, and it is hinted that the conference Friday night was for the purpose of coming to some agreement whereby the other candidates, or the strongest of them, would withdraw and allow Yerkes to be nominated with the hope of saving the party this fall.

Mr. Yerkes has been prominently mentioned for the office, but he has made no fight or canvas for the nomination, but it is said that he would not be averse to accepting it if it were tendered to him. Some say he would not accept it. The Republican party has had a taste of State rule and are very anxious to continue in office and they think that if a strong man is put up, he will be defeated. The only salvation seems to be in Yerkes, and it would not be surprising to see him the nominee of the party."

Lovely Taffetas, Crepons, Gloves and Diminutives at Joseph's.

**For Sale.**

On easy payment, a good house and lot. W. J. ROMANS.

One of Dillehay's big brick kilns is through burning, and brick-laying on the new buildings will commence in a few days.

**Farmers, Attention.**

Storage furnished for wheat. See R. G. Ward for particulars. Lancaster Mills & Elevator Co.

**Farm for Sale.**

Dr. W. L. Letcher advertises in THE RECORD that he will on the 10th of August sell his very desirable farm at Paint Lick, in Garrard county.

**Taxes Due.**

Town taxes are now due, and property owners should come forward at once and settle. This has to be done and those putting it off too long will be put to extra expense.

E. M. WALKER, Collector.

**Competitive Examination.**

On July 13, at the county superintendent's office, in Lancaster, an examination for the scholarship at State College, Lexington, will be held. This examination is open to all persons between the age of fourteen and twenty years. The person receiving the highest general average secures the appointment.

**More Recruits Wanted in Philippines.**

The Recruiting officer in Lexington has just received instruction from the War Department to enlist a number of white men for Infantry, Cavalry and Artillery services in the Philippines. These men will be sent to San Francisco at once to connect with Steam ship sailing the latter part of this month. Now is the chance for you to make a trip around the world. This opportunity will only last a few days and men wanting to join should apply at the Recruiting offices in Lexington Ky. or in Ashland Ky. or in Somerset Ky. at once.

**Guessing for the Range.**

Had as been advertised in the RECORD, the big cooking range at Joseph's was given away Tuesday. An immense gourd had been placed in the show window, and every purchaser to the amount of \$1 was given a guess at the number of seed in the gourd. Tuesday Mr. Joseph selected G. Bright Swinebread, Capt. Mike Salter and J. Raymond Haselden to count the seed. The gourd was opened and found to contain 673 seed. No one had guessed the number, but Sig Perin named 672 and Mrs Harris 674, and the range was given to them jointly. It was interesting to see the guesses. They ranged all the way from 8 to 10,000 and one fellow guessed that it contained none at all. The plan was a perfectly fair and just one, and has been a big ad for Mr. Joseph.

THURSDAY, Ju'y - 6. - 1860

This settles it. Teddy Roosevelt has declared for McKinley for President.

The good-box politician is now in his glory. His joy will continue for the next five months.

If all the "raging stumps" could be grubbed up, the people would escape a great blow of natural gas this fall.

The drought is hurting growing vegetation, but the crop of cross-roads politicians does not seem to be affected.

The state campaign will furnish golden opportunities for many little sap-headed "orators" to mount the raging stump and tell what they don't know.

The Louisville Times says Judge McKee Duncan, brother-in-law of Gov. Bradley, may be given the Republican nomination for Attorney General in order to promote harmony.

A READY-PRINT house sent us a page of bills of fare for every meal during the week. If the enterprising firm will send information as to how the "raw material" may be obtained we will not need their instructions as to what particular time it shall be devoured.

R. L. Davis has retired from the Richmond Register and the paper is now edited and controlled by S. F. Rock. We are sorry Mr. Davis has retired, but hope he will soon be back in newspaper harness. He is a young man of great ability and his writings will be greatly missed by his brother quill-pushers.

An exchange truly says: "If you have a good home and are out of debt, don't fret and worry your life into the grave for the sake of making money."

You have but one life to live and it is brief at best. Take a little pleasure and comfort as you go day by day, and try to do a little good. A morbid instinct desire to possess the earth, to grab everything in sight, is at the foundation of more misery than almost any one thing."

Indications are that Kentucky will have the hottest campaign this fall than the dear old state ever experienced.

The democrats have a splendid ticket and the republicans will take great care in selecting their standard bearers. All the candidates will, of course, make an active canvas and every available speaker will be pressed into service. The "dear people" will have little rest from now until the close of the polls.

Gov. BRAZLEY was imposed upon some unknown fakir, when he issued orders Saturday afternoon, holding several companies of the State Guard in readiness for quick transportation to Manchester, in Clay county.

The orders were issued after the Governor had received a telephone message purporting to be from a reliable State official, who said serious trouble was threatened and that a large detail of soldiers was necessary to prevent bloodshed. The trick was discovered and the orders at once revoked.

The state campaign will furnish golden opportunities for many little sap-headed "orators" to mount the raging stump and tell what they don't know.

The people will be glad to know that President McKinley has at last concluded to recruit enough men to send to the Philippines and either whip the unruly natives or kill them out. The war in the Philippines has already cost the United States \$33,000,000 and 664 men, besides 4,500 soldiers wounded. It is declared that the army is costing Uncle Sam \$280,000 daily, not including the naval expenses which are \$10,000 daily. It is clear that the half-witted heathens will have to be stamped out, and there is no need delaying the matter.

BISHOP SEYOUR expresses his opinion on dancing in the following language: "Dancing is not inherently evil any more than money is, or the drama is; or music is. It may be, and often is, abused. There are lascivious dances and there are occasions when one ought not to dance. So precisely are there lewd songs and improper plays, and vile purposes to which money is put, but these are not arguments

against the legitimate use of money, or the drama, or music. So precisely with dancing, it comes under the same category, and one can no more consistently condemn dancing than he can condemn money, or music or the drama."

The Courier-Journal will support the ticket nominated at Louisville last week. Here's what it says:

"In order to suppress all idle conjecture, and to allay excitement, the Courier-Journal accepts the soft impeachment of the ticket, hide, horns, Goebel and all—and, since the victory is forced upon it, precisely like the victory forced upon the United States in the war with Spain—it will shirk none of the responsibility. We give up the ticket, headed by Major-General Goebel, will sweep the State fore and aft. It will draw to it the young manhood of Kentucky. It will turn to the party. In the State and will of course, go to the democrats of the nation a prospect and hope not hitherto conceived by any of us." \*

We risk nothing in predicting that before the day of election this Goebel ticket will not need the machinery of the Goebel law;

that the head of the ticket will be the most popular candidate the democratic party has put in the field for governor since the time of secession; and that the elected government will make a good government. All hail, King Goebel, the hope not merely of the reunited democracy of the State, but of the young, the free, the noble manhood of Kentucky."

MILLIONS GIVEN AWAY.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million dollars worth of this great medicine; and have the satisfaction of knowing that it has absolutely cured thousands of hopeless cases.

Asthma, Bronchitis, Hoarseness and all disease of the Throat, Chest and Lungs are sure cured by it. Call on R. E. McRoberts Druggist, and get a free trial bottle. Regular size 50c and \$1. very bottle guaranteed, or price refunded.

In answer to an inquiry, an exchange says: it will require the use of two rams for 100 ewes. One ram to 40 or 50 ewes.

There is No Question About It.

No question indeed with those who have used it, but that Foley's Kidney Cure is absolutely reliable for all Kidney and Bladder diseases.

C. C. & J. E. Stormes.

Red Hot From the Gas.  
Was the ball that hit G. B. Steadman of Newark, Mich., in the Civil War. It caused terrible ulcers that never healed helped for 2 years. Then Buckley's Arnica Salve cured him. To haul out all the barnyard manure and litter about the buildings now is one precaution against the fleas later on in the season.

W. J. Miller, Carter City, is one of the kings of Shorthorn cattle breeders as his recent sale will testify too. He will now prepare to import some extra good ones.

For Sores, Ulcers, Burns, Galls, Piles, nothing so good as Banner Salve, the most healing medicine in the world.

C. C. & J. E. Stormes.

The eggs used in the incubator should come from a vigorous flock and should not be allowed to get chilled. Eggs for this purpose should be gathered several times a day and kept in a warm place until the required number is obtained.

Those who live on farms are liable to many accidental cuts, burns, and bruises, which heal rapidly when BALMARD'S SNOW LINIMENT is promptly applied. Price 25 and 50 cts.

C. C. & J. E. Stormes.

The recent public sales of Shorthorn cattle held in Ohio, Indiana and Illinois, shows to us conclusively that the red, white and roan still holds its place among the farmers and breeders as an ideal beef animal.

A pound of mutton can be produced for less than a pound of beef, and it can be made ready for market in a year, while a calf must be kept twice or thrice as long before it reaches its maturity.

Imperfect digestion and assimilation produce disordered conditions of the system, which grow and are confirmed by neglect. HERBINE gives tone to the stomach, and causes good digestion. Price, 50 cts.

Frank, well-known here, where he attended Kentucky University, and a member of the Kappa Sigma Fraternity, will be married next month to Miss Marietta Brown, of Dallas, Texas. Mr. Frank now located at Amarillo, Texas."

Stanford Journal. "The fact that Jesse M. Alverson, or Stanford, was put on the Committee on Permanent Organization by acclamation, when all the other places were hotly contested, shows how high the splendid young Democrat and indefatigable party-worker stands in the estimation of the leaders of the district. It is rare that such an honor goes to one so young or so deserving."

Mrs. Clare Witwer and son, Charles Fox, arrived Friday from their home in Texas to visit Lancaster relatives. Capt. White, the young man's great-grandfather, says the young Texan carries a bowie and scalping knife, wears spurs and can give the Comanche yell with all ease. Incurious Young Men.

Judging from the racket on the Public Square Saturday night, the boys must have had enough booze to float a boat. Hades was lifted high into the elements, and the life of those living near the square was made miserable. A drummer, who had been kept awake nearly all night, asked next morning why the Public Square was not placed in the town limits, so the officers could have control over it.

Postoffice Ruling.

The Postoffice Department Washington has ruled that the writer has a right to regain possession of a letter providing he can prove to the satisfaction of the postmaster of the office from which it was sent that he was the writer of it. Even if a letter has arrived at its destination and before it has been delivered to the person to whom it was addressed it may be recalled by a telegram through the mailing office. The reason assigned is that the United States is only the agent of the writer of the letter while the letter is in transit. The decision is important to business men and to private individuals.—Press and Printer.

Obituary.

Death visited the home of Mr. Wm. Marshbanks June 22, and claimed his dear wife, who was the nearest and dearest to him. Her maiden name was Lula Todd. She was a kind and devoted wife. She leaving a kind and loving husband and many friends to mourn her loss. She joined the Methodist church at Lancaster about five years ago and has lived a Christian life ever since. We cannot tell why she was taken away from us, but the Lord knows best, and we know not when He is coming to gather up His jewels.

She has joined dear ones above and told those left behind she would join hands with them in Heaven. She leaves a husband, one child, a loving mother, sister and three brothers to mourn her loss. Their many friends have great sympathy for them. The remains were laid to rest at Paint Lick.

#### Man of Good Taste.

The editor of the Larue county Herald is surely a man of fine sense, good taste, and knows what he is talking about. Listen to him: "The circuses have given Larue county the cold-shoulder for several years and the folks are getting desperate. The Herald says: "We see no special blessing to be derived from living in a town that never has a circus. Some of our friends are just dying to run up against the shell game again. They are getting too rich. It is all right to talk about the green grass, the bloom

ing flowers and the sighing winds, but what are they worth compared with a circus? One "oompa, compa" of the brass band will make a crowd tramp down more grass than can grow in a summer, one chance to observe an elephant roll a barrel around a sawdust ring is sweeter than blooming flowers ever attempted to be, and one fleeting glimpse of the bespangled show girls as they gyrate around the ring on the bare back of a spotted horse would make the sighing winds more for remembrance. We want a circus!"

There is no greater gift to man than music even the lower arsons and birds enjoy it. Mrs. Mike Kennedy has a turkey that seems to be very much effected by music. Miss Pattie Todd has been employed to teach the school in Wallacetton, and will begin as soon as the new house is ready for use. E. W. Baker will teach at Baker School-house again, this making his 16 terms in the same district.

Mr. Sam Conn, who started for Cairo, Ill., two weeks ago "to hunt work," got as far as Bowling Green and turned back, arriving here just 10 days after leaving here. He is now at work every day and doesn't have to hunt for it either.

A few days ago a man, more given to trifles than to cheapselling, left his cause of education, came into town rather "on his car," because he was taxed to help to build our new School-house, and at once began cursing the district, the school-house, the town and all things common, finally ringing his "oratory" to a climax with the very ridiculous assertion that "Wallacetton is nothing but a copper town any way."

In reply to this one of the crowd entreated to interrupt the gentleman by politely asking him to come over to Wallacetton some time when reading y' and get one good square meal. His unexpected invitation did not c'v'p the statement, "A soft answer turneth away wrath," but proved the best part of the entertainment.

**CUMBERLAND FALLS.**

A Fine Resort.

Cumberland Falls, Ky., July 3rd, 1899. Friend Landram:

As your last issue promises a letter from me, and in the next breath compliment my veracity, I will not disappoint you. This is the sporting paradise, a perfect mecca for the fisherman or hunter. We have had terrible good luck for this place. We made one catch of eight bass, averaging two pounds each, and several smaller catches, however the water is too clear at present. Fish bite out here and you do not have to walk all day to find them, but it takes a professor to catch them, and I am free to confess that I cannot do it. Had we cared to fish for forked-tailed or channel cat we would have been compelled to take along an extra boat for catfish, but as we are here for trout, salmon and bass, and as the water is entirely too clear for the former, we content ourselves with bass fishing exclusively. It would be useless for me to specify any of the fish we have caught as I would not be believed, but I will say that we consider fifteen inches "a small one." Mr. Duncan was here in '78 with John Stormes and Andy Burnside, deer hunting and he recalls many spots along the river where he stood watching for deer. This is an ideal place for summer resort, the hotel is built just at the head of the falls, and the verandas command a splendid view of the falls which is 64 feet in height, tumbling into a pool 150 feet deep, the home of the salmon and pike. The hotel is ten miles from the falls, the building is commodious and comfortable building and the fare is positively unsurpassed. The amusements are dancing, croquet, lawn tennis, billiards, boating &c.

"Hello Club," of Danville, consisting of twenty-five young men, mostly, chaperoned by Mr. and Mrs. C. Cecil, were here for a week and Will Woodcock, Ned Wiseman and "Uncle Ned" Welch stayed over for another week. Col. Morris of Lexington, will be down tomorrow with a party of capitalists to look at the falls with a view of harnessing their power to run an electric plant and electric railroad to the C. S. R. R. and a good back runs over daily. The hotel is a commodious and comfortable building and the fare is positively unsurpassed. The amusements are dancing, croquet, lawn tennis, billiards, boating &c.
